

2024 Commercial & Industrial Electric Motors

Incentive

- \$8 per Horsepower (hp)
- Wiring assistance for electric irrigation motors that replace a fossil-fuel engine or new installation
- \$1.50/hp

Product & Application Requirements

- Itemized receipt
- Motors must be a minimum of 10 horsepower

Product Guidelines

- The Member System and consumer must certify that the motor is new and neither re-wound or moved from another location
- Per project cap of \$20,000

Variable Speed Drive Retrofit

Incentive

- New and retrofit application
- The incentives will be the lower of:
 - 50% of the cost of the VSD unit or,
 - Project cap of \$20,000
- Reference table:

Product & Application Requirements

- Itemized receipt (please see p.3 for clarification on acceptable receipts)

Product Guidelines

- If a new motor is installed at the same time, it may qualify for a separate motor incentive
- Replacement of existing VSDs, for maintenance or other purposes, does not qualify
- Soft start kits added to existing motors are not eligible for this rebate
- Oil & Gas VSDs or other large industrial VSDs can request to be part of the custom incentive program

Motor
